

How do I ship Radioactive Materials to LBNL for use at the ALS?

ATTENTION: Do not ship any Radioactive Materials directly to the ALS!

All radioactive material (regardless of the activity level, including all forms of Uranium and Thorium) must be shipped and addressed to the LBNL Radiation Protection Group as follows (make sure to fill in the blanks before shipment):

_____ (Name of Recipient at LBNL) c/o Radiological Protection Group
RWA # _____, Zone #3
Lawrence Berkeley National Laboratory
1 Cyclotron Road, Bldg. 75-127
Berkeley, CA 94720
(510) 486-7652

Visit the following website for more guidelines on shipping and receiving of radioactive materials:
http://www.lbl.gov/ehs/ih/programs/hazmat_transport/radio_mats.shtml.

Things to remember:

1. Do not ship radioactive material directly to a designated person at the ALS.
2. Radioactive materials and any accompanying hazardous materials must be shipped in full compliance with U.S. Department of Transportation regulations.
3. Obtain consent from the intended recipient prior to shipment of the radioactive materials.
